## GET TO KNOW US

---

Established in 2017 and based in Melbourne, Tompsett Asphalt is a reputed name when it comes to civil construction. Tompsett Asphalt offer pavement construction, rehabilitation, maintenance, concrete works, pipe laying, cross overs and traffic management quality solutions that are cost and time effective. If you want to improve your local or state roads, contact us today.

The Director of Tompsett Asphalt has delivered excellent quality solutions for its clients for over 20 years, in UK, Perth and Melbourne.

**Tompsett Asphalt also has:**

- 2x 8 Man Paving Crew*
- 3x Patching Crews*
- 2x Concrete Crews*
- 4x Excavating Crews*
- 20x Traffic Management Crews*
- 1x 2 Meter Profiler*
- 1x 1 Meter Profiler*
- 1x 1 Bobcat Profiler*

We continue to invest in new plant and equipment ranging from excavators to asphalt pavers, trucks and heavy machinery to consistently improve productivity.

We also continue to support the development of our teams' training and development and highly encourage promotions within the company, as well as actively recruiting other skilled and experienced staff. An ambitious organisation employing over 40 staff members, we understand that company growth comes from hard work, investment in our people and exceptional service delivery.

## REGISTRATIONS AND MEMBERSHIPS

---

Tompsett Asphalt is a member of the Civil Contractors Federation and AAPA. We are committed to following their Code of Ethics and Quality Standards.

---

Tompsett Asphalt is accredited to ISO 45001, ISO9001 Quality Management and 14001 Environment Management.

# OUR TEAM

---

Tompsett Asphalt have established a team of building professionals with a track record of delivering a diverse range of construction projects. Our people have unparalleled knowledge of the Melbourne metropolitan area through our experience in delivering various turnkey projects across the State.

Our people are highly motivated and are dedicated to achieve project excellence. We are committed in providing our clients with the best possible service throughout the project life cycle. The Tompsett Asphalt team consist of multi-skilled, enthusiastic young individuals who offer a complete construction solution to your projects. We take pride in our ability to provide tailored construction services to our clients.

*As a local Melbourne company, Tompsett Asphalt has the advantage of access to resources throughout the State and the ability to work with various local clients.*

## ***Matt Tompsett- Managing Director***

Matt is an elite business owner with over 20 years' experience within the civil construction industry. Matt has been the forefront of exceptional delivery of both small and large road transformation projects providing professional state of the art civil works. Through Matt's extensive experience he has a strong ability to problem solve which is a great asset when coming across tedious tasks that require more planning and processes than the standard day to day tasks within the industry.

## ***Paul Vassallo - Project / Scheduling Manager***

Paul Vassallo plays a pivotal and essential role as the Scheduling Manager at Tompsett Asphalt, contributing significantly to the company's operational efficiency and successful project execution. With his keen organizational skills and strategic mindset, Paul is responsible for creating and managing comprehensive schedules that ensure seamless coordination of resources and timely completion of all asphalt projects.

## ***Morgan Kocovski - Accounts Manager***

Morgan is a very experienced Finance/Office Manager with over 10 years' experience. Morgan is a competent dynamic part of Tompsett Asphalt's team who ensures the financial management of the business and meets client's requirements daily. Morgan ensures her team are trained and meet client needs and expectations daily with a vibrant and positive attitude. Moreover, Morgan is extremely approachable with a friendly demeanor and is always happy to assist clients and colleagues.

## ***Jordan Sciberras - Project Administrator***

Jordan's plays a vital part at Tompsett Asphalt by providing comprehensive administrative support to the project management team. With a keen eye for accuracy, he ensures that all project documentation, including contracts, permits, and progress reports, are meticulously prepared and maintained as well as scheduling meetings, recording decisions, and breaking projects into manageable tasks. His proactive approach to organizing and cataloging project-related information fosters seamless communication and enhances efficiency within the project teams.
